

Dear Friends and Family,

On October 21st, I will be participating in the PRC of Gwinnett's 2017 Walk for Women fundraiser, and I'm looking for friends and family to sponsor me in this event. The PRC of Gwinnett has been serving our community for more than 25 years by empowering women in a holistic environment to choose life for themselves and their babies. We believe in a woman's intrinsic value and dignity. Each year the PRC of Gwinnett touches thousands of lives of patients by offering services such as pregnancy testing, ultrasound, pregnancy options information, STD testing, parenting programs and more.

Please consider sponsoring me: (insert the link to your fundraising page here).

My fundraising goal is \$ (insert your fundraising goal).

In 2016, the PRC of Gwinnett provided 1,109 pregnancy tests, 581 ultrasounds, 229 STD testing, and 1,064 abortion alternatives counseling. As a result, 86% of our patients chose life for their babies!

The funds raised at the Walk for Women will benefit more women, men and children in our community. Every donation will make a LIFE changing difference!

Thank you for your support!
